STATEMENT OF OBJECTS AND REASONS

The Medical Termination of Pregnancy Act, 1971 legalised termination of pregnancy on various socio-medical grounds. This Act is aimed at eliminating abortion by untrained persons and in unhygienic conditions, thus reducing maternal morbidity and mortality.

2. In 1997, an expert group was constituted to review the aforesaid Act with a view to making it more relevant to the present environment. The National Commission for Women also suggested certain amendments in the Act to remove provisions which were discriminatory to women. Taking into consideration the suggestions of the National Commission for Women and experience gained in the implementation of this Act, the expert group recommended certain amendments to the Act.

3. Accordingly, the Medical Termination of Pregnancy (Amendment) Bill, 2002 provides for—
   (i) substituting the word "lunatic" by the words "mentally ill person";
   (ii) amending section 4 with a view to delegating powers to the Government to approve places for medical termination of pregnancy and constituting District Level Committees to be headed by the Chief Medical Officer/District Health Officer;
   (iii) amending section 5 so as to prescribe punishment of rigorous imprisonment of not less than two years and extending up to seven years—
       (a) to clinics which are not authorised to conduct abortions; and
       (b) to persons who are not registered medical practitioners with requisite experience or training for terminating pregnancy.

4. The Bill seeks to achieve the above objects.

NEW DELHI; C. P. THAKUR.

The 13th April, 2002.
